

Maternal and Child Health Nurse (RN)

Location: Cheyenne, WY | **Organization:** Cheyenne Laramie County Public Health (CLCPH)

Our Mission

At CLCPH, we are the heartbeat of Laramie County's public health. Our mission is to protect, promote, and enhance the well-being of every resident in our community. We are looking for a dedicated RN to join our team and provide vital support to families during their most foundational years.

The Role: Impact & Responsibilities

As a Maternal and Child Health Nurse, you will provide comprehensive case management for pregnant women, infants, and toddlers. Your work will bridge the gap between clinical care and community support, primarily through home visits and office consultations.

- **Client-Centered Case Management:** Coordinate medical, psychosocial, and support services to ensure families have the resources they need to thrive.
- **Continuity of Care:** Perform ongoing assessments of client needs and personal support systems to ensure timely access to appropriate healthcare levels.
- **Holistic Nursing Care:** Lead the assessment, planning, implementation, and evaluation of care plans in both home and office settings.
- **Emergency Readiness:** Gain competency and participate in public health emergency preparedness initiatives to protect the broader community.

Qualifications & Requirements

We are looking for a compassionate, organized professional who meets the following criteria:

- **Licensure:** Must be a Licensed Registered Nurse (RN) in the State of Wyoming (or eligible for licensure).
- **Certification:** Current CPR certification required.
- **Health & Safety:** Must have up-to-date COVID-19 and Flu vaccinations.
- **Experience:** Previous experience in maternal health, pediatrics, or public health is preferred but not required.
